0. Preliminaries
a) https://github.com/Suke0811/EE209AS_Lab
git clone https://github.com/Suke0811/EE209AS_Lab.git
Run SolveMDP.m
There are 4 classes: MDP, MDPUI, PolicyIteration, ValueIteration. Those have to be in the same directory as Solve
b) We formed a group, but we decided to do lab 1 individually since some of us already started the lab at that point.
Member: Yusuke Tanaka(me), Yuki Shirai, Andrew Choi, Viacheslav Inderiakin.

c) Me=>100% since we did this lab individually.
